ABC Group Fuel Systems announces strategic alliance with YAPP Automotive Parts

Agreement extends global reach of companies across three continents

Gallatin, TN and Yangzhou, China – July 22, 2010 – ABC Group Fuel Systems Inc. (“ABC”) today announced the signing of a strategic alliance agreement with YAPP Automotive Parts Co. Ltd (“YAPP”). The two companies have formed an alliance to provide plastic fuel tanks across three continents: North America, Europe and Asia.

There has been a shift in automotive manufacturing requirements towards the use of global automotive platforms, with a single common architecture, including design, engineering, and production, as well as major components. This strategic alliance strengthens market share for both companies, as it will allow the companies to meet global automotive platform requirements.

“ABC is very pleased to be aligning with YAPP, the leading fuel system supplier in Asia,” said Marius Sipos, Vice President, ABC Group Fuel Systems Inc. “Given the trend towards global automotive platforms, the alliance with YAPP is part of ABC’s overall strategy to develop strong alliances in key markets to ensure long-term global growth.”

About YAPP Automotive Parts Co., Ltd.

YAPP Automotive Parts Co., Ltd., founded in December 1988, specializes in developing, manufacturing and selling automotive plastic fuel tanks. With headquarters and R&D center in Yangzhou, China, YAPP now has eight plants in China, one plant in India, one plant in Australia and one plant in Russia. Over the past 20 years, YAPP supplied approximately 13 million plastic fuel tanks to automotive customers in China. For further information about YAPP Automotive Parts Co., Ltd., go to www.yapp.com.

About ABC Group Fuel Systems Inc.

ABC Group Fuel Systems Inc., part of the ABC Group of Companies was established in Gallatin, U.S.A. in 1998.
